

# LEAP LAPS EXTRA ENDURO

One hour Restricted Regional Race July 5, 2008

*Held in conjunction with the*

*Indy Grand Prix National Races*

*July 5-6, 2008 at*

This will be a one hour endurance race for most closed wheel cars, including types of Improved Touring, Production, Showroom Stock, Spec Miata, Prepared, Touring, and GT Lites. Specific classes are listed in the Supplemental Regulations.

## THE LEAP LAPS EXTRA RESTRICTED REGIONAL ENDURO SUPPLEMENTAL REGULATIONS

1. In honor of Leap Year, and the bonus day that is added to our calendar, Indy Region has decided to add an extra race to the weekend. On Saturday there will be a Special Event - the Leap Laps Extra Enduro.
2. This event will be open to cars in the following classes: ITE, ITS, ITA, ITB, ITC, ITR, SSB, SSC, SM, SP, SPU, EP, FP, GH, HP, GTL, BP, DP, T2, T3 (non-GCR class rules per Great Lakes Division Regional Series rules)
3. The race will be 60 minutes in length. Driver changes will be permitted. Co-drivers do not incur an additional entry fee, but must meet all license requirements and Supplemental Regulation III-10 (must have 5 laps practice or qualifying) and must be registered as a co-driver.
4. Starting grid will be determined by the best time turned in by either driver during the qualifying session.
5. During a driver change pit stop, during either qualifying or the race, the replacement driver must be fully belted in, with all safety equipment in place before the car begins to move again.
6. If, due to fuel tank size, any car will require a re-fueling stop in order to complete one hour, the crew must notify the pit workers in advance. The stop must be made at the end of the pit lane near pit exit, within 100 feet of the end of the guardrail. The car must be turned off before refueling begins and cannot be started until the fuel lid is back in place. A crew member must be standing next to the fuel tank with a fire extinguisher during the operation, a funnel or fuel filler line is required to avoid spillage.
