Activities Chairman Report: Ethan Decatur

The 2025 TRSS Teen Driving Safety Program was a huge success! We had a great turnout for both coaches and volunteers. Unfortunately, the enrollment for this years' school was lower than last year, but the board is already exploring new ways to improve event outreach for next year. I am looking forward to next year and have already extended an offer to Lincoln Tech to be a part of next years' action as well.

Indy Region Rallycross will have their first event on June 15th. This will be a closed invite-only event -- however, all are welcome to come and spectate if they are interested in running rallycross events in the future. There will be a practice event on Saturday and a preliminary points event on Sunday.

Please contact me at activities@indyscca.org to volunteer!!!!

RallyCross Chairman Report: Mike Herrera

We will attempt a closed test event at a new possible site on June 13. This will not be an event open to registration by the general public or membership. This is a test event for the site owner's introduction to our sport, and to determine if the site is feasible. If anyone wants to be considered for admission to this closed test event, please contact me at rallycross@indyscca.org.

Road Rally Chair Report: Wendy Harrison

There are some amazing things in Indiana and we'll help you find them!

Mark your calendar for Saturday, July 5 to participate in the Hidden Treasures RoadRally!

We will start at Pep Boys in Bloomington and wind our way to Bloomfield passing some things that you probably have not seen before. You will be given easy-to-follow instructions along with the speed that you should travel. Simply follow the instructions and when you pass a timing point, the app will ding on your phone to make sure you are on time and give you a score based on how close to the correct time you arrive.

There are several stop/restart points and some extra time given at a few of them so that you can explore the area. At each restart point you will re-zero your trip odometer and leave at the beginning of the

next minute. While getting good scores is always fun, the real excitement is the sites you will see along the way.

NOTE: There is about 1 mile of unpaved road on the route. It is in a Free Zone, so you can take your time during that portion. If that is the reason you will not attend, the RallyMaster will be glad to give you a paved alternate route on the date of the event

Schedule for Hidden Treasures:

1:00-1:30 P.M: Check-in

1:45 P.M.: Mandatory Safety Meeting

2:00 P.M + Car Number: Start of Rally

5:00 P.M + Car Number: Should arrive at end point

Please register online at:

<https://www.trackrabbit.com/event/details/10017536-Hidden-Treasures-2025-07-05>

Remaining 2025 RoadRally Schedule:

July 5 (Saturday) – Hidden Treasures -Time/Speed/Distance - see detail above and on the website

October 25 (Saturday) – Halloween RoadRally – Game/Tour/Adventure will start in Cloverdale area

December 6 (Saturday) – Holiday Shopping Shuffle – Game/Tour/Adventure

Solo Chairman Report: Charles Nienhouse

Hi all!!! Welcome to the exciting world of Indy Region SCCA's Autocross Program for 2025!

For all that came and helped out with the One Lap of America THANK YOU! The event ran extremely smooth and the only glitch was when the generator ran out of gas. We had the backup ready to go and we were up and running in a matter of minutes. Thanks to all of you that came out and prepared for this event and got everything lined up and ready to go. Brock Yates, Jr. and the competitors were very complimentary of our organization.

Also, a big thanks for everyone that showed up to our April 27th Fun Event at Lincoln Tech and our May 4th (albeit soggy) Points #1 Event at Grissom. Both events proved that we have a great bunch of people coming out and having fun with cars.

We learned a logistics lesson from this 4/24 Lincoln Tech event: The course start MUST ALWAYS be on the east side of the lot to maximize paddock, grid, and logistics space.... and Darren made me swear an unbreakable oath to uphold this learned lesson. Check out the extensive photos from this event on the IndySCCA Social Facebook group, as pics of almost all cars were snapped. A drone camera pilot showed up and shot a great video, which is also on the Social FB Group. Go check it out!

The May 4th Points #1 originally had almost 80 entrants registered, but the rainy forecast yielded many cancellations. Only 48 hardy souls checked in at registration that day, which made for some unusual decisions for this rainy day. Indy borrowed a custom from the Columbus crew's snowy Solo events....no cone shaggers posted at worker stations, only a fully staffed chase car to reset cones and radio back in for cone strikes and DNFs... Due to the low turnout, this resulting much slower pace worked, and kept everyone much dryer. Everyone got 4 runs, and worked on their rain driving

techniques. Those lucky enough to run in the second heat saw a much dryer course. For the competition results, check out Indy Region's website:

<http://indyscca.org/SoloFiles/SoloResults/2025/2025SoloResults.html>

Looking forward to Points Event #2 at Grissom on May 18th!!!

I am actively looking for input on an event location that would replace our Indiana State Fair autocross event in July 2026. If anyone knows of a place (preferably in Marion County) that is worth looking into let me know.

Lastly, I want to thank everyone that came out and helped fix the surface at Grissom May 10th. Folks from Indy, Ft. Wayne, and the Corvette Clubs turned out to care for our best Solo site in the area. This is a big job but it was made easy by all the people that showed up and lent a hand. I think they all deserve a medal! Without their help the racing surface would quickly decompose into something that resembles an Indianapolis side street.

Time Trials Chairman

The John McGee Memorial Award Member of the Year

John McGee was one of the most respected members that Indianapolis Region and the Central Division of the Sports Car Club of America ever had. He served the Indy Region in nearly every capacity, and he competed in all forms of club activities. But he was best known as one of the finest stewards that the SCCA race program ever saw. He served as Indy Region's senior steward for years, he was Chief Steward for the Indy National Race for as long as anyone could remember, he mentored numerous new stewards into the racing program, served Central Division as it's Executive Steward, and in 1983 received the Dave Morrell Award at the SCCA National Convention. For years the region had given out a Member of the Year Award to someone who had shown long-term commitment and dedication to the region. When John died, the Indianapolis Region Board of Directors renamed the MoY award as the John McGee Memorial Award.

Notes from the Director's Chair Area 4 Director Update for May 2025

May sees me off to MidOhio for the OVR Hoosier Super Tour (HST) event there followed closely by a visit to Road America for the June Sprints (6/5-6/9).

I will apologize in advance. As I have been installed as CRB Chair on an interim basis (and who knows how long that will end up being), I will need to attend more Club Racing Zoom meetings, more Club Racing events, etc. and this will take away from my ability to attend events in other programs. Throw in vacations with madam and golfing in three leagues a week and my schedule is pretty hectic. But we all have hectic schedules and I plan on going to as many events across all programs as I can.

One last thing, I wanted to update the Area 4 members on the status of our program to eliminate gender based pronouns from our documents. As of this writing, the revised GCR for May has been published (link). I applaud the SCCA staff, the CRB and the BoD for rectifying this situation quickly and efficiently. Other documents and rules packages have also been revised and updated. There are more left to do but the process is ongoing across all SCCA documents.

Here's what I did since my last report.....

Video Conference Meetings:

- Club Racing Board (CRB) (4/1): We discussed the recent uproar about pronouns in the GCR and how we would work on the situation. Our lawyers have drafted a short document to guide us in our revision process. Once some revisions are made, the CRB would review the document to make sure rule intent is not compromised. We reviewed some critical letters that percolated up through the system. We also worked on the agenda of the face to face meeting out in Kansas City (4/11, 4/12). The results of all of the CRB rules changes can be seen here.
- Electrified Vehicle Advisory Committee (EVAC) (4/9): Because I was traveling to Kansas City for the CRB meeting, this meeting was canceled.
- Board of Directors (4/28): The Club's new financial guy (Justin Hawkins) sat in on his first BoD meeting. Jeff Dahnert gave us a rundown on our financials, and they appear to be fine. We are a bit behind budget, but this can be accounted for by a canceled event but this was offset by increased membership revenue. The annual audit was performed and the results will be available in a few weeks. Our new IT guy (Kevin Dayo) gave us a quick primer on IT security and how he's changing things so our systems are more secure. We have hired a firm to work on our website revision. This is a multi-phase upgrade, and it will take some time. Eventually, there will be parent/child type capability so regions can use a template to 'piggyback' on the national site. We discussed revising the drone language, so it is uniform across all programs. We had an update from our marketing manager on how the pronoun issue is being handled. We also discussed an agenda for our F2F meeting in Kansas City in July (7/25, 7/26).

SCCA Events:

- Club Racing Board (CRB) (4/11, 4/12): We discussed a variety of topics all having to do with long term, strategic planning for the program.
- Review of the updated GCR with the gender based pronouns removed. Would these changes alter the intent of the rule?
- 2025 Runoffs schedule:
 - The AS/T2 combination was tabled for a year as both have had relatively new rules changes implemented. We need to gauge efficacy.
- We reviewed some new technical data about the Rush Sports Racer and moved that forward as a regional class.
- We discussed the data program and how we could move it forward with the retirement of Glen Thielke.
- There were several other topics that required our attention (Flagtronics, SM/SMX tires, sound, etc.).
- The long and the short of it was that this was a very productive meeting, and we all left with items on our 'to do' lists.

Be sure and visit the GLDiv website for information about all of the SCCA programs within the division. We have schedules, official's contact info, standings, etc. for all the SCCA programs. Please take a few minutes and make sure your contact information is accurate in the SCCA database. It's important to have the correct information there so the club knows how to contact you. Log in to your my.scca.com page and check.

There is a new path to getting your annual waiver. You can now get it through the Member Account Portal (MAP). Follow this link to get the instructions. There is also a story about the program here. I've done it and it only takes a couple of minutes. Be prepared to upload a headshot picture of yourself.

Thank you for your time and I look forward to hearing from you soon. Please feel free to contact me with any questions or comments you may have about any facet of the GLDiv. I want you to make the most of your membership and I will help out in any way possible to make that happen.

For Sale / Classified Advertisements:

For Sale: EuroSwift SC92, with Honda L15a7 engine, Hewland transaxle.

Seller states: The car was good mechanically when I bought it a year and a half ago. PO made extensive repairs to the suspension and safety wired everything. The body was rough, but body was repaired, smoothed, and painted gloss black. I got some good spares too and at least three pair of nice wheels. Also included are a set of unused Hoosier rains, a set of road race tires with a few laps on them.

Recent Upgrades: Installed new master and clutch cylinders, installed autocross gears and an aluminum carrier. Also did aluminum brake calipers and sorted a number of other things that needed attention. Some modifications to the interior to give more legroom.

Asking \$30,000 including a new-ish trailer. We'll be running it 'til it sells.

For Sale: 1980 Triumph TR7 Spider, 2.0L, 5 Speed manual transmission, dual SU Carburetors, 46,197 Miles
Seller states: Car always garaged and has never seen snow. Clutch and Brakes replaced ~30 miles ago.

From Wikipedia: "In 1980, a limited edition version of the TR7 Drophead was launched for the US market by the US importer. Called the "TR7 Spider", it was available only in "Maraschino Black", with reflective red striping and badging plus black interior trim. Alloy wheels and the steering wheel from the TR8 were fitted, along with a "pewter grey" carpet and grey striped upholstery. Based on an exhaustive inventory of the factory build cards at the British Heritage Motor Centre archives, it has been confirmed that only 1,070 carburetted Spiders were built at the Solihull factory."

Asking \$7,000. Contact Rich Lankford, at 317-809-2792 or email to: richlank@sbcglobal.net
